## Profile

---

Talented and versatile artist with 6 years experience in acrylic and watercolor painting. Proficient in portraits, animals and all landscapes. Also proficient in beaded jewelry making with a talent in hand made paper beads. I have over 238 sales on my Etsy store and more from vendor events. Also experienced in planning and coordinating over 20 charity events; hand making many of the decorations and door prizes. A disabled housebound veteran with a lifetime of different work experience and world travel to inspire creativity and attention to detail.

## Expreience

---

I became disabled in 2015 and started painting and making jewelry to pass the time and raise money for the Dothan, Alabama Chronic Pain Support Group and other charities. With help from my friends I occasionally do fundraiser parties, vendor events, and volunteer activities to support my local community. I paint custom portraits, pets and landscapes. I make art prints from my paintings on a variety of materials. I also make custom handmade beaded jewelry. I hand make most of my beads from roiled paper. For more info on my work please see my Etsy store and the Creativity From Pain Party Group Facebook group page:
