## PROFILE

Courtney is a painter from the rural, southern, United States. While originally a landscape and realism artist, her most recent works have been experimental abstracts using fluid art mediums. Her color palette is influenced by the natural world and international travel. Travels to the Caribbean have inspired works using sapphires, ultramarine, and cobalt fused with metallics that evoke the sea. An adventure to Iceland several years ago drew Courtney to experiment with art that evokes an otherworldly feeling.

## EDUCATION

Studied under:

Ann Hart

## COLLECTIONS

Private collection, Dothan AL

Private collection, Altoona AL

Private collection, Montgomery AL
